

Dave Pappalardo

K9 Unlimited

Just wanted to let you know how my pup Vera is doing. She is from Arrow / Otsu. This pup can do it all. She has perfect Prey / Defense drives to make the perfect working dog in all aspects. I have never seen a pup at this age of 4 months that will not back down from anything. She has zero fear! Play under gunfire no reaction. She actually advanced towards the noise and began to bark. The best part of this Malinois / Dutch Shepherd is that she has a great off switch. This pup barks at everyone but plays with my children very well.

Dave has put together an amazing combination in his breeding program . I'm also a Master Trainer and have approximately 16 years of Police K9 / Competition / Companion dog training under my belt along with being a Patrol / Narcotic dog handler. As soon as I spoke with Dave I was confident with purchasing a pup from him. He has excellent knowledge on breeding and especially training. I recommend anyone who is serious about a working dog purchase one from K9 Unlimited.
