Hi Dave,

I wanted to just thank you for all of your help! Lucy and I attended your basic obedience last Nov and you came to the house a few months back where we learned to use the e collar.

Lucy is going great! She has learned "place" in the house, even without the collar on when a dog walks by the house which was her red hot trigger! She is doing much better on walks. Continues to get excited when we pass other dogs but sits as they walk by.

However, what has been so wonderful is her reaction to our new baby. Louie is just 6 days old and as you can see we are doing great...we couldn't have done it without you! She is watchful and gentle and we went on our first walk today as a "pack " and she did great.

Thank you thank you thank you. Feel free to share on your Facebook etc if you like as a testimonial!

I'm sure we will be in touch after we settle in and want to continue to work on her reaction to other dogs!
